

LOS CONFINES

2018

LOS CONFINES DE PRIETO PARIENTE 2018

This wine comes from two old vineyards of Grenache located in the mountain area of Sierra de Gredos. Los Confines is a wine that reflects the combination of slate and granite soils. The slate provides minerality that turns into volume and flesh, and the granite is characterized by verticality and finesse. The vineyards altitude provides necessary acidity to balance all previous elements.

The result is a complex and balanced wine, fresh and elegant.

GRAPE VARIETY

Grenache 100%

Grapes come from two vineyards located in Sierra de Gredos: Cebberos and San Bartolomé de Pinares.

GRENAACHE

CEBREROS

Soils. Slate soil at 1005 meters altitude.
