

LAS TRES

The wine

Named after the three varieties that we grow in our Vino de Pago vineyard and we use for producing this wine. A white wine with a well-defined unique style.

The vineyard

We have such a great terroir for growing vines because we share the same soils as our surrounding mountains: first a clay layer, then limestone at the roots level and sandy soils underneath, which helps draining very well.

Our single vineyard is in the middle of National Park between 800 and 850m above sea level. The climate is Mediterranean with lots of Continental influences throughout the year. Two little valleys crossing our estate, make our climate unique in the area. We carry out organic viticulture.

Winemaking

Hand harvested during the night to pick up the grapes at the coolest time. Each variety gets vinified separately in concrete egg-shaped tanks. Cold-skin maceration for 24 hours. Then is gently pressed in an inert gas horizontal press to avoid oxidation. Fermentation starts in concrete tanks, then is moved into new 225 l. French oak barrels for mid and last fermentation process. Finally aged for 3 months in 225 and 300 liters new French oak with a two daily battonage during first six weeks. The blend is carried out before bottling.

Tasting notes

Color: Straw yellow color with golden hues.

Nose: Extremely aromatic, toasted notes and tropical fruits. Complex, concentrated yet elegant.

Palate: Honest and expressive flavors. Rich and silky texture. Vanilla, mangoes and pineapples thanks to a lovely fresh acidity on the aftertaste. Long and persistent aftertaste.
